

WINE Menu

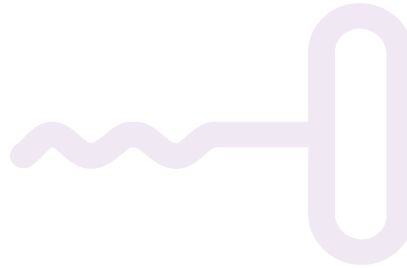

In the 1st century AD, Latin naturalistic writer Plinio, wrote: “Wine revives the strength, the blood and the heat of man. A bit of wine is ideal to calm the nerves; it activates the stomach, whets the appetite, comforts, reduces sadness, cheers one up and helps you fall asleep.”

Take advantage of all these virtues at this magic moment, in an incomparable setting and atmosphere, because you were born to be happy.

Have a glass of good wine!
